

INVITATION
FRIDAY 13 OCTOBER

**BRUSSELS
HALF DAY
EVENT**

TRADE IN SERVICES:

Unlocking a multi-trillion euro economy for all and across sectors

This half-day morning event will serve as a platform to highlight the growing importance and relevance of Services to the EU's Trade for All policy agenda and companies across all industry tiers.

The event will provide deep insight into the broader cross sector impact and multi-trillion euro value of trade in services to the manufacturing and primary industries as well as on labour markets within those global value chains. It will draw attention to the growing need of companies operating in these fields to focus on the services around the products they create.

Finally, our high-level Brexit panel will assess the impact of the UK's decision to leave the EU, what this means for financial services and the City of London, as well as the future of British services trade with the EU and the world.

FEATURING KEYNOTE SPEAKER

Cecilia Malmström
EU Trade Commissioner
